Although this site states that is a teen chat it yields a high amount of 18~30 year old men.

<http://www.chat-avenue.com/>

Rating 1

This site won't get you anywhere. Anyone who suggests you to use this site is just wasting your time.

<http://kidschat.net/>

Rating 2

Don't be deceived by the name of the site. There are plenty of men, make sure you're talking to the proper age before engaging.

Rating 3

This site is great for new eWhorers trying to learn how to get their first few sales.

<http://omegle.com>

Rating 1

Although this is insanely easy to manipulate people on it's extremely easy for them to see that you're fake.

<http://www.adultchat.net/>

Rating 2

Over the past few months me and Optimized both have used this site a few times to grab sales every once in a while. It is saturated but can still yield sells if you know how to eWhore properly.

Rating 1

Good luck getting a sale around here. That's all I have to say.

<http://www.badoo.com>

Rating 3

If you know what you're doing you can easily make tons of sales off this website which mimics old myspace. This requires you to register

<http://www.fubar.com>

Rating 3

Same as badoo, if you know what you're doing you can easily make tons of sales off this website. This requires you to register

<http://www.isexychat.com>

Rating 2

Depending on your luck you should be able to pull a few sales here. Kik or Skype, both will work.

<---?-----?-----?-----?--->

The above information will be updated weekly, in the case we find new sites that work and are not saturated we will put them on the list. If you have suggestions or notice an error please contact one of us (Optimized/Grievous)

I haven't tested them since last night, so there is a possibility that they changed due to users doing
it but who know's. I'll test it later today.

Get them to add you on kik or Skype of those are your main methods.

Chat rooms are hard to get going and require more talking.

James Burnham - September 22, 2015, 10:40 pm

Read that guide instead of opening new threads. It is really useful.

Griev?us - September 28, 2015, 12:37 am

Going to bring that back up to the top.

MrAfirmeD - October 25, 2015, 10:00 am

This is offtopic, but the Grievous thread where you sell your unique and private methods is closed and I need your Skype info via pm or something because I`m interested in buying one of those methods.

Cheers.

This site won't get you anywhere. Anyone who suggests you to use this site is just wasting your time.

I just made tons on chat-ave, and I still make money there.

You just have to be experienced and have a good SE strategy to ewhore there, but it's still possible.

Anyway, even if I know all of them, great list, thanks for this !

SSlueSkies - October 25, 2015, 2:28 pm

What do you think of meetme.com ??

Side Effects - October 26, 2015, 6:17 am

Badoo is awesome, I agree, made 30\$ after 10mins just because I told to a perv I needed money, but I'm Italian so I only added Italian people, is easily to manipulate with your main language
