Thread: [I'm back, Made \\$550 today.](#)

Paladin - September 20, 2015, 3:58 pm

After a little pause I'm back to eWhoring and I'm starting to work again.

I was not working from June till few days ago, I was on Vacation, traveling in some countries and chilling.

Today i was working for a few hours and made \$550 from two guys.

I know it's not to much but it's pretty nice amount for me.

The day is not over yet, but I'm not gonna continue because my PayPal will be limited. Already i have problems with "we can't send your payment right now"

Proof: <https://imgur.com/qiddy3Y>

Never give up guys!

Destri - September 20, 2015, 4:00 pm

Dollars and Great British Pounds are two different currency's. ???

0x222 - September 23, 2015, 9:53 pm

I know, I was assuming that he was receiving all the payments in gbp.
Pretty strange to get one in dollars and the rest in gbp

Thank you, and that's right this thread is from September. This month I worked only for a few days and I made \$1200. I expect to work much more serious this month but I was very busy with my RL. I don't have so much time for e-whooring so I'm trying and testing new methods, mostly Autopilot.
