Hey

Anyone else watching Narcos too? I just finished watching the last episode of S1 and can't wait on S2.

Saw like 2 threads on this show already but it's real good. They better be working on a second season soon.

I haven't watched it yet, it doesn't look all that good to me. However I could be wrong, I'll give it a try tonight.

Just finished the first episode. I watched it with my family and it was kind of awkward because of the nude scenes. I'll watch the rest on my own to avoid situations like this ?

Slight spoiler about amount of nude scenes:

Spoiler [\(Click to View\)](#) There's only about 3 or 4 nude scenes in the season

One of my friends told me about Narcos yesterday, and I'm already hooked onto it. Recommended
