How do you find prison school? i really like it ?

Tsu-kun - September 22, 2015, 10:35 am

I have to admit that it's funny and made me literally laugh a lot, but it's still kind of stupid, I can't tolerate that much Ecchi.

But well, it's really funny :)

There's no such thing as too much ecchi unless the author/producer focuses too much on fanservice rather than the actual story/plot ?

A really cool hilarious anime that got me laughing for hours : (. Cant wait for the next episode it's a great anime in my opinion considering how the plot isn't that bad and the fanservice is awesome which makes it even better but then again i'm obsessed with such animes...

Taki ?

I enjoyed this series.

The funniest show this season, in my opinion.

At first I didn't like the excess ecchi, but it's like Kill la Kill. Oh well!
The thing with Hana, Imfao.

Probably one of the funniest anime i've seen in a while, one thing I always can't stop cringing at is the sweaty scene and the girl with ridiculous tits but I can put up with it.

I watched the first episode and thought it was kinda funny. I plan to binge watch it when it finishes

airing.

This season is over (12 episodes) I believe they said there is going to be another season but you are gonna be waiting a long time mate ?

Houtarou - September 25, 2015, 11:34 pm

I watched the first couple of episodes and it was okay. Not exactly my favorite show to watch, but it was still funny.

SniperBMW - September 25, 2015, 11:44 pm

I was sort of disappointed with the ending. They didn't show the joy of the team for the "summer" and the "contest".

However, the new characters seemed interesting. They opened up the ending for a season two. The manga goes beyond where the anime ended, so they have more than enough material to use.
