The first season of Owari no Seraph was one of my favorites from the spring season. Needless to say, I can't wait for season two.

And please, for the sake of people that have yet to watch it, use spoiler tags.

Atrocious? - October 1, 2015, 3:44 pm

OMG! so much hyped!!!

The first season was good and looking forward for s2 ^^

Chad ThunderCock - October 1, 2015, 4:00 pm

I've already read the manga and gave the first season a solid 8/10, would prefer if other anime get a second season instead but I'm still happy that Owari got a S2

Lone - October 1, 2015, 4:10 pm

I'm hyped first season was pretty damn coo

Tsu-kun - October 2, 2015, 12:38 am

I'd like to make a thread for Noragami Aragoto.. Can I? Like are there some certain rules for opening a new discussion thread? Thanks.

Grievous????? - October 2, 2015, 10:25 am

Holy this looks really good.

I have not watched season 1 or anything yet, so I'm not gonna read any post ?

Gonna start this now.

Search to see if it exists, if there's a season one thread then you can just bump that up or leave it there and make your own.

[\[NEW ANIME\] Noragami \[MUST WATCH\]](#) by [Traplord™](#) already exists for season one but I don't think it's worth bumping.

~8 days left, hype. I read ahead in the manga but I can't really remember anything, thankfully.

Tsu-kun - October 2, 2015, 2:03 pm

I looked for it.. But that's not much of a discussion thread and it's dead, plus this is a second season, I'll make one tomorrow :)

I'm so hyped too :D

I too was a fan of season 1 xD

Grievous????? - October 3, 2015, 3:57 am

I got through all of Season 1 last night.

I must say it really is worth watching.

Ferid must be my favorite character so far or Krul Tepes

Yep he's my fav character in Owari no Seraph, but Guren still has a chance ;)

I'm not very fond of that Krul whatever, I hate that type of girls. Though she's badass and her seiyuu is very good, it's just her look.. :/

This anime is definitely something else, I'm gonna go nuts if they did things like stop making the anime or ending it with an extreme cliffhanger..

I knew Guren isn't a bad guy T^T.. Thought he was really a bastard.

Those three from the Hiragi family are fucking amazing, love that rifle guy.

This gives AoT vibes.

I just hope it doesn't end up like that.

Waiting for some action from my kawaii Third Progenitor, the dancing vampire queen.

Krul is so badass.

Mikaela x Krul + Shinoa x Yu.

I'm really liking season 2 so far i'm current (watched episode 9 already), of this seasons anime that i've watched up to current which i've enjoyed are Mobile suit gundam Iron blooded orphans(really great) and One punch man(its okay, doesn't really live up to the its hype IMO compared to every other anime of the past and as of recent) , But i feel this season of Owari no seraph is really great. I watched a few episodes of bones (decent),

Personally, i feel like they should make this series alot longer than it is going to be? If this season 2 is all their is going to be i feel like yeah its satisfying but i feel like they keep briefly showing his demon/seraph of the end powers going crazy, and i feel like they could show alot more with that, or there is alot more of the story to show than just these 12 episodes of the second season.

Not very much yet that has caught my eye.

Only a new Sinbad Season and Gakusen Toshi Asterisk season two.

Oh and Kyoukai no Rinne 2 if I ever get around to finishing the first season.

I've already read the manga and gave the first season a solid 8/10, would prefer if other anime get a second season instead but I'm still happy that Owari got a S2

The first season was excellent but as far as the second season the pacing was pretty horrible but as we approach the final episodes it has picked up quite a bit.

Spoiler [\(Click to View\)](#)The main character reminded me of kirito.. He was just always asking for more and more power from angels, demons, vampires, pills or whatever they are to save "his family". Not to mention that he said to his demon "I know how you feel and lets be friend" when in fact he was just using her for more power for example the part where he was asking her for more power like a maniac to save his friend who got caught from the vampires.

Spoiler [\(Click to View\)](#)By your logic every MC is Kirito.

I don't believe he was using his demon, well yeah technically, but I genuinely believe he wished to be her friend. Yeah he wanted more power but, and this could just be me, if I had some babe of a demon in my sword all lonely and shit I'd be busting my balls to be her friend.

But on to the Kirito logic.

Kirito was a solo player and gained his levels by being a beater.

Yu started with a family and then was forced into a family, while he wanted to fly solo, not once for a second was he.

Kirito was not fighting to save his friends, he was fighting to escape, he only risked his life for his wife (who he later doesn't even admit to be his girlfriend and also hits on other chicks while she goes on dates with other guys) Yu on the other hand literally kills himself to save his family, not just his boyfriend.

tl;dr I want a babe on in my sword.

The last 2 episodes were even ahead of the manga which is the source material, and the director said they would be 100% faithful to the manga so I doubt there will ever be a season 3 . There's 3 options:

1- They wait 2 years for more manga content to come out, enough content for another season, however afterwards they'd have to wait again 1.5-2 years for more content to come out again and

again and again until the anime is over.

2- They go for an original anime regarding the story aka fuck the manga, which isn't really popular among anime fans due to how many anime fucked up doing these things, especially Tokyo Ghoul.

3- They don't make another season 3. Which is the most likely option

It's not popular with weeps, where is the Statstic for Japanese people? Oh and not to mention this is based off of a LN isn't it? SI the manga isn't important.

It's not about being popular or not, unless it's as popular as stuff like AoT it's very unlikely for it to get an anime after 2 years, especially since Owari never or very rarely even gets in top sold mangas even while the anime is airing.

And the source is the manga not LN.

But who knows, perhaps they wish to give it a try with a season 3 but I doubt it since there's plenty of other anime who sold just as much and didn't get more seasons even with enough content to last for years
