Thread: [Your first ever hackforums post/thread?](#)

i a m g o n e - September 26, 2015, 6:30 pm

Basically the title

Mines was err me thinking this was that other site and asking can i leak stuff

That was my first thread as i havent asked for it to be deleted

What was yours?

Gem - September 26, 2015, 6:32 pm

My first thread was this:

<https://hackforums.net/showthread.php?tid=4822599>

Imao

Idk what my first post were?

It only got 1 post on it ?

thatfurryhacker - September 26, 2015, 6:49 pm

First post was an entry for a l33t contest ?

First thread was me looking for more Japanese/Oriental dubstep and instrumentals

Victini - September 26, 2015, 7:26 pm

I can't remember exactly but the first thing i remember was a scam report (which i failed to submit properly coz i blocked the cunt and didnt have proof after I reinstalled my computer coz i couldnt get the messages back). So yeah, a great way to be welcomed to HF lol! But I really like HF nevertheless :) Best place!
