Thread: [Money Makers Group - \(MMG\)](#)

Silent_Witness - September 27, 2015, 7:12 pm

We are a group of hard working people who wake up everyday to make a dollar. We use our numbers to provide a wide array of services as a group and share the money we make together as team.

Our services include onky things a group can do like selling signature space in bulks for a fixed price. Or selling post in 100 forums for a fixed price. The work is equally divided and screenshots are used to make sure everyone is doing there fair share. This is then used as evidence for the buyer so he approved the sale. After every sale we split the money equally.

As a group we can offer more services meaning more chances of making money then one person can. We can market and advertise farther then one person can.

Do not join this group. It has a multi and they are encouraging scamming activities and as such.

Actually the guy that wanted to do scamming was kicked from the group. None of us want to do anything black hat.
