Who watched the premiere? I love the show, mostly because of Priyanka Chopra.

Just from looking at the commercials I can already tell it's weak. It will maybe last 2 seasons.

Pretty good show, at least the pilot was.

I'm a huge fan of Priyanka Chopra and I have watched all her Bollywood movies. So it doesn't really matter if the show is weak or not, I'll stick to it.

Really good first episode but we all know that these networks like to pull the plug on these new shows - way too soon. :(

This. I like it a lot but I'd be surprised if it goes beyond 2 seasons.
