Credits to [iHydra](#) for making the official contest graphics!

Welcome to the Member of the Month nomination thread for September 2015!

Member of the Month is a competition that awards one special member each month for their contributions throughout the community. Every member has the potential to win the award, but the final decision is made by the combined efforts of the user base and forum staff. To learn more about how the competition works, [click here](#)!

The Nomination phase begins today and ends on Friday, October 2nd, 2015!

This is your chance to determine who gets placed on the poll. You may only nominate one person per month, so make your nomination count! To nominate a member, all you have to do is follow the guidelines in this thread and post your nomination as a response. No other posts (feedback, comments, etc) are allowed; they will be removed and the poster may be warned.

Any member that fits the following requirements is eligible to be nominated: Minimum of 500 posts

0% warning status

Has not already been nominated in this thread

Has not received the [MOTM award](#) previously

Was not in the [previous month's poll](#)

Non-staff member (you can still nominate mentors and ex-staff)

Has contributed in some public way during the month of September (group forums do not count)

Is not the user [Froggy](#)

A nomination post must contain the linked username of the member being nominated, followed by a minimum of three of their contributions that occurred within the month, and a reason why they deserve the award.

NOTE: Contribution links don't have to necessarily be threads, but can also be links to specific posts.

Use the following format to correctly nominate a member:

[Link 2](#)

[Link 3](#)

Reason: Gigi Hadid has been actively contributing to the Innuendo section whole this month. He launches the group Project Venus with intentions to support the community and they are posting on nearly every Innuendo thread. Gigi has also put out a lot of useful threads and has assisted a lot of members together with other Project Venus members. The contest is called Member of the Month, and Gigi has been one of the most noteworthy members of September imo.

[The Official Groups of Hack Forums](#)

Reason: Odus has really stepped up recently in terms of contribution, he is the moderator of the .NET programming section, runs the Official Groups of Hack Forums thread, is a leader of Archive, and writes the headlines for the HF news. I think he definitely deserves MOTM this month.

[Make this stop.](#)

[\[Feedback\] I was asked, "What purpose does HackForums serve for you?"](#)

Reason: I feel that Grin has really stepped up his quality this month compared to past months. He's always been that one fella everyone's known and liked, which is clearly shown by his reputation and posting qualities. I'm not sure why he hasn't won this award yet, but I believe it's time he's gotten it. He has one of the highest post counts and reputation counts on here, he at least deserves a medal goddammit.

Reason: Optimized recently became a lot more active and in doing so his post quality has drastically increased and he has become much more of an idol and a helpful member of the community; He puts a lot of work in and he is on the HF Writers team and servers well there too. I think he deserves some extra recognition for his work.
