I'm just curious what the biggest amount of money is, that you milked from a single person. Also, how do you keep guys interested to pay you more and more?

It was 200\$ when i was using the kik method.
And it's GBP 350 with my new method.

Just find a guy that has \$. Can't milk a broke guy for that much. With the right target, 250+ in one

transaction will become an every day thing.
