I WILL IGNORE ALL REQUESTS UNDER 50 USD.

NEW RATE IS 12% until further notice

Note: Please PM me (CLICK MY THREAD) or request on discord before initiating contract.

NOTE: Exchanging is at your own risk, I am not responsible for payments sent that limit my accounts, rarely this does happen, and it means we have both lost out.

Don't deal with the user, I've dealt with him for about 2 years, and sadly it's not like it was when it started. Currently, Sixen is claiming that money got reversed back, but if I can still read correctly, no money was reversed back. The money owed is approx 2800\$. I can provide proof of all of this, and I can't open a case since the transaction in question was not done with a contract, and the reason for it is because of long-term trading history and (well one-sided) trust.

I will remove this message once Sixen provides proof of issues with the bank or money.

Be aware when dealing with him!

Post all the proof you want. Here is the bottom line:

You commit romance crimes, get people to send money to me, then have them report it as fraud to their bank so that I have my funds on hold for a 3 month fraud investigation. Bank eventually closes my account (a long standing member with them), and then they eventually reverse the funds.

Don't send illegitimate funds and you likely will receive your money. I can't help you when my bank gets closed down and funds are reversed.
