Thread: [\[FREE BOOTER\] Giving away free booter access \[FREE BOOTER\]](#)

?Rebecca? - September 29, 2015, 7:46 am

I own this booter. It is a skype bot (means it runs off of skype).

What you need:

- Skype account (mobile or desktop)

PM me and I will give you further instructions!

[UB3R ONLY]

Background info:

It has been up for about a week now, fully free. I had done a giveaway for this booter about a week ago but closed the thread since I didn't want it too crowded. Making a thread again now. Previous users were happy and still use it to this day.

About the stresser: Uses bots on my own net, max attack time for free users is 100s with upgradeable plans, but you HAVE the option to keep it free. Unlimited boots.

It has down'd some minecraft servers, OVH, game servers (feedback from HF users themselves)

Currently as of now we have 119 users on there and a total of 3176 attacks launched.
