Thread: [Posted all Hash for crack Free: MD5, Sha1, Mysql, Mysql5 etj etj....](#)

alberTi-KTN - September 30, 2015, 3:13 pm

Hello Hackforums.

After a long time I decided again to open the topic to help you for crack hash.

This free help from me is already require you to have patience because it can crack hash ever lasting, and possibly crack sometimes can not remove.

I apologize for my language because I do not know how to speak english better understand is hope.

Respect: alberTi-KTN

edit: Oh yeah, and wrong section.

Is it? I just exhausted 7 character ?u?l?d keyspace on it.

Running ?a against it now.
