Thread: [Need Banners for HF Official Member of the Month Contest](#)

Froggy - October 3, 2015, 6:28 pm

Hi guys,

I'm looking for some new graphics for the Hack Forums official Member of the Month contest ([MOTM](#)).

I am in need of a few thread header banners. I would like one banner to be plain, and a few more to be based off the plain one with added holiday decor. Start off making just the plain text one, and if I like it, I will ask if you could please create other variations. ?

Your graphics will be displayed on every official MOTM thread, will include credits to you at the top of each thread, and credits at the bottom of the [Member of the Month - Explained](#) thread.

Size: Flexible

Color Scheme: Red text, #333333 background

Text: Member of the Month

Examples:

Let me know if you have any questions!

Thanks for the attempt, but it's not the quality I'm looking for. Appears fuzzy.

Incendiary. - October 4, 2015, 12:51 am

I will work on some of these today.

Do you want any images/effects, or just plain text that looks cool?

Similarly so, are we able to put in backgrounds etc.

mokkacyan - October 4, 2015, 2:29 am

Did 2 variations, am i going the right way?

Can change the color scheme to red :P

Allison Argent - October 4, 2015, 2:24 pm

I'll be more than happy to do this, PM me when you get the chance.

I have a few questions for this, including when is the end date for this?

Edit:

This is my first attempt, when you've messaged me I'll see a different approach to this.

Kursed - October 5, 2015, 6:59 am

Not sure if this is something you would like, or if you wanted just plain red text, But I threw this together.

Background should be #333333.

Plain text with text effects like the first example in the OP. Images/effects would apply to the themed ones.

Thanks, but I don't like the rectangle around the words.

It's alright but I'd like the text a bit bigger and I'm just not digging the arrows.

I have some nice fonts. Let me know if you like any of these.

I'm not interested in any of these fonts.

I don't like how the text was put together but it's certainly something unique. I also don't like the green glow.

I ill give a try on this, ill PM you. :)

Looking at this again looks like my PS colors are off, whoops. Anyone know a long term fix to the yellow PS background of death?

Sorry, I just don't like this.

I like it, but it's too small, and I think the red is too bright for what I'm looking for.

Awesome entries guys, but one thing is for sure: I don't want flat text.

Take a look at the examples I displayed in the OP.

Hey, thanks for the attempts. I like the way the words are laid out in your original version 2. I'm not quite fond of the layout of these three.

Could you update your old version 2 with the style of these?

Also, text should me Member of the Month (without the word "award")

Thanks!

I like it. I'll use it for the contest if you're able to make a Christmas/New Years version, as well as one for Halloween, Fall, Valentine's Day, St. Patricks, Easter, and Independence Day.

Same base text, but added decorations.
Look at OP for an example.

Yeah, I should be able to do this, let me know via PM :)

Alright, so I am assuming this is still open since you put the link to it in the newest voting thread. So I decided I might as well give it a go real fast.

Version One (My personal favorite):

Version Two (Red as requested):

Version Three (Half & Half):

Version Four (I also personally like the blue better than red on this one):

But hey, I only spent a few minutes on this so not too shabby if you ask me.

Froggy - February 5, 2016, 1:29 pm

@Havoc I'm looking for something a little different than what I'm currently using, but I'd still like to see the text fully red.

Varane - February 5, 2016, 1:34 pm
