Thread: [\[= = = \] How to make money from ratting! / Darkcomet 5.31 \[= = = \]](#)

Tricorn - October 5, 2015, 12:32 pm

So I wrote an e-book a few years ago and never really sold it that much, it ended up getting leaked so I thought why not just give it out to the community, I have personally used this method to make a rather large amount but no longer RAT.

What is included with this e-book?:

[+] 1x E-book on how to make cash ratting.

[+] 1x Darkcomet v5.31 RAT.

[+] 1x Extras required for the e-book.

To get this just give me a pm or post or w/e.
