Thread: [One of the staff members banned me for selling gamestop accounts \(After omni allowed\)](#)

faulty_wizard - October 8, 2015, 8:59 am

my other profile: (inb4 multi, idgaf) : uid=2314614

one of the staff members banned me for selling gamestop accounts (and deleted my thread)

even though it was fucking allowed

proof: puu.sh/kzhuX/f37aabec78.jpg

too bad I didn't double check, right?

puu.sh/kAcB7/d8bd8d7ecd.png

oh, yes, I did because I know there would still be staff members retarded enough to still ban me, but it didn't stop them

You're just going to get closed again, you should have used the contact button at the top of the forums.

They're not going to help me either way, just sucks that omni himself confirmed i could do it and then a day later I get banned.. i spend over 100\$ on my hf acc and they treat you with no respect here

also, I don't post anywhere else beside this section

I still think it would have been a better idea to use the contact button at the top. But just because you spent X amount of money on your account doesn't mean anything, that doesn't make you any better then other members (other then the perks ranks have, etc). But yeah good luck getting unbanned. ?

Optimized - October 8, 2015, 9:03 am

Use the contact form and you may get reopened. Do you know who banned you?

Your closed btw, not banned.

Unturned - October 8, 2015, 9:04 am

Closed? <https://hackforums.net/showstaff.php>

There are only 2 admins who could do this

I don't know who, and I've already been rep-fucked, I doubt omni would remove it, my account is probably doomed.. this is just a rant

e?erg1zer - October 8, 2015, 9:05 am

Well, I'd have used the contact form, or at least YourUsername_TEMP to do this, it may upset staff that you've created an entirely separate account.

I'm not getting my acc back either way, I want people to see this shit

It's very common for people to get their accounts closed, so it's nothing we haven't already seen.

I won't get back here with a rep fuck, too much effort to re-build it, do u know of a case where someone got their rep back?

Balding - October 8, 2015, 9:11 am

Complaining like a fucking degenerate won't help your case.

Samesies - October 8, 2015, 9:12 am

Gamestop accounts are NFA only section. Only ub3r members are allowed to sell those type of accounts.

There has been countless users who got rep fucked, and then gained their reputation back to over 500+.

well it's too late for me now to close this thread, damage had already been made.

I hope omni would return my rep but I doubt it, even though it is his mistake

I suggest you take the time to read the [help documents](#) to answer any questions you have.

POLY MATH - October 8, 2015, 9:15 am

I support the decision to fix OP issue then ban for a temporary amount of time to let him cool down and for breaking rules.

Fair is Fair.

Once a rep fuck is giving, there is no going back. You have to gain all the reputation back.

Repfucks are irreversible...

A repfuck can not be undone. Though, if you were trusted you can become it again.

Kektron - October 8, 2015, 9:17 am

"I dont care about my account" "Hopefully Omni restores my REP"

You are just mad that omni or whoever closed your account. You should have used the contact button. Now, they wont unban you anymore. Goodjob Ainsley

I won't put my effort into it, just a rant now I guess

The Judge - October 8, 2015, 9:20 am

It can possibly be factor8 as well. It's a wonder this thread still hasn't been closed though.

Stop being so pessimistic. There have been plenty of people who have had closed accounts that the staff realizes they made a mistake (they are human, after all), and they will unban the account. Now, the rep part might not be able to get fixed, but regardless you'll have the account.

!!* Alone Vampire *!! - *October 8, 2015, 11:09 am*

You were closed, not banned. Only admins can close accounts.

Use contact form. The most you could get back is your profile (but I highly doubt you will).
