How do you know it's fake?
Supreme is a widely popular brand.
Maybe it's because you can't afford it.

Illegitimate supreme,
Clothing line straight outta Halloween -
Put your mask back on son your ugly as shit, you know what I mean -
I heard he tried to kiss a girl, boy did she scream, looks like a fucking southpark kenny copycat - I suppose it's his theme
Take a picture OP - so we can make him into a meme, Bet he sucked off most of the football team.
(Including you, Don't lie, you gave him a dollar or two gave him the soak, while you dropped the soap)
but being poor ain't a joke, but dressing like you aint broke?, sucked 20 cocks for fake clothing, he's still yet to choke,

I can't rap nor can I rhyme well,
Fuck this little bitch tho I hope he ends up in hell bro
Shoulda ripped his clothing, tripped him up on a curb,
Cracked his head open on a wall cover his mouth so he can't be heard.
fuck this, Im done, fuck him and you too turd.

Zachy we understand that you are bad at rapping,
but the way you speak to me I think you deserve a fucking slapping.
I'm the rap king, no god damn kid you can call "dude",
so get on your fucking knees and ... well - get cracking.
Nah I ain't gay I don't roll that way,
unlike your fat ass we know you roll all day,
you ever use your feet? Well step to my level.

Oh wait I know you can't cuz I'll make you fucking tremble.
