ImPerfectPersona - October 9, 2015, 7:52 pm

interesting, but gets boring fast

Ephorize - October 9, 2015, 8:26 pm

I do not understand how "Hello, how are you?" is impolite. (77/100).

Trying to find the most polite sentence and "Hello, how do you do?" which is considered polite in the past, is even more impolite than "Hello, how are you?".

Edit: By this I mean, I am looking for a 100/100 sentence.

Politeness goes hand in hand with hacking.

It doesn't actually care that much about the structure of the sentence more than it cares about certain words being placed in certain positions.

This is the highest I could get:
