Reviews

(Oct 10, 2015 04:54 PM)Gnome Child Wrote: [\[CITE\]](#) Originality (9.5/10)

After reading all of the eBooks, there was only 1 thing I had seen before and I didn't even think of using it. Seriously clever.

Potential (10/10)

I don't think I've ever given an eBook 10/10 for potential, but this Mega Pack deserves it. If you don't make your money back with this, kill yourself because you're retarded.

Grammar (9.5/10)

The grammar, spelling and everything else is almost perfect, only minor errors.

Layout (9/10)

The overall layout of the eBooks were very good, slightly cramped but perfectly fine.

Overall (9.5/10)

In summery, you can't go wrong with this users product. You are guaranteed to earn, as stated above, if you don't, you need to rethink your life. Defiantly get this while it's cheap, thank me afterwards!

I am in no way affiliated with this user.

(Oct 10, 2015 07:41 PM)National Security Agency Wrote: [\[CITE\]](#) I am in no way affiliated with OP but I received a vouch copy and I appreciate it.

I am always skeptical about ebooks on HF, 99% of them are scams and the very ones selling the methods tell me that. I was given the opportunity to review this book and I've got to say that all "four" methods, spending time with them will make you a lot of money in short time. I read all four methods

profoundly and I had only read one of the four before but it's still a very good method. Ehh there were some minor errors but nothing from prohibiting you from understanding any method.

If you have time, I recommend you guys to buy these methods because you won't regret spending a few bucks to make a lot of \$\$\$.

(Jan 2, 2016 04:08 PM)Pavilion Blvd Wrote: [\[CITE\]](#) I see a lot of reviews on HF that are completely written simply to boost sales of a friend. These actually piss me off. However, I am not affiliated with Yous. I did not talk with him until very recently.

That being said, these 4 methods are some of the best I've ever read. And that's saying something, because I have over 400 money making eBooks on my computer. Each of Yous' methods require a little bit of creativity, and I could actually see them being fun to do. They're all fairly simple to set up. With some hard work you could have all 4 of them up and running in about a day. Once you're set up, none of these methods take much work at all. All you need is a little bit of patience. All of the books are detailed enough to follow step-by-step.

Don't hesitate to buy this eBook. If you have a fairly decent work ethic, you can make some good bank from these methods. Hell, I would even say a couple of them could be used as a part time job if you worked hard enough.

GLWS OP

(Oct 16, 2015 07:27 PM)NFL Wrote: [\[CITE\]](#) Methods (9.5/10)

These are 4 very different methods that are all explained in great depth. The methods are very easy to follow with great links and examples added to help simplify any questions in regards to the methods.

Ease of Use - (8.5/10)

None of these methods are hard to follow. Some may take a little more work than others but by NO means are they hard. Yous has provided great links and resources and has included contact information for group sessions and any questions. These methods are as easy or hard as you would like to make them but regardless of which one you pursue (if not all) you will be sure to make MONEY ?.

Potential (10/10)

The potential here is limitless. I have no trouble seeing someone making a living off of these especially if you put some time into it. Whether you are auto-piloting or putting time into these methods there will be an income.

Overview - (9/10)

It is clear that Yous has put in some significant time into this eBook to provide a clear and thorough understanding of how to make money with ease. He is very informative and clearly wants to help you SUCCEED as much as possible. DO NOT HESITATE FOR ONE SECOND TO PURCHASE THIS eBook. ?

(Oct 18, 2015 12:32 PM)\$|\$\$ Wrote: [\[CITE\]](#) I NEVER buy e-books but i decided to go with this one. 2 of the methods i knew already (but i doubt that most of you guys do). The 2 other where new to me. I dont complain at that price (got it with 83% off)

One of the new methods seems like a true goldmine. I will test it out when i have the chance and will update this post with my experiences.

The grammar and layout of the books is outstanding, he clearly put some work into it.

Thanks for the book yous, im glad i decided to buy it while it was cheap.

Kerzic - October 11, 2015, 4:09 am

Is there a refund option if I don't earn anything?

Yous - October 11, 2015, 4:18 am

(Oct 11, 2015 04:09 AM)Kerzic Wrote: [\[CITE\]](#) Is there a refund option if I don't earn anything?
If after putting in a fair effort with all four methods you don't earn then yes there will be a refund option.

I KNOW you will earn. I designed this to be perfect for beginners and people who don't want to or don't have anything to invest.

Kerzic - October 11, 2015, 4:27 am

Can i get a vouch copy?

Thanks!

DreadPirateDrake - October 11, 2015, 7:38 am

If you want to toss me a vouche that'd be cool, up to you though. I'll write a jivin' review.

Academy Awards - October 11, 2015, 7:44 am

Not begging for a vouch copy but if you want a top notch vouch review I'm your man just PM me.

Yous - October 11, 2015, 1:12 pm

I appreciate those of you asking for vouch copies. However the guide is already 85% off for the launch sale. Those who are interested I may contact you in the future if need be but it is unlikely I will give out any more vouch copies.

HVNCSP - October 12, 2015, 11:14 am

The Methods (9/10)

I received 4 ebooks, 3 of them will make you money 100%, the other one will help you make even more money and teach you how do develop/implement your own methods.

About the other 3, one in particular i found very useful and that one, with effort and work will make you earn real money in autopilot, no need to even go to pc once you set it up.

Ease of Use - (7.5/10)

I wouldn't say the methods are hard, they may take you some work, some research and time (some will become FULLY AUTOPILOT!), it's quite accessible to be honest.

Potential (10/10)

This pack has a huge potential, it will earn you real money and it's almost 0 chance of failing, i don't see this getting saturated either.

Overview - (9/10)

Overall I would rate this pack 9/10, it will you teach the methods it proposes and even better will teach you how to grow in internet marketing!

About the earnings, are you going to get rich by tomorrow? No. If you work (not much to be honest) will you be making a comfortable extra profit by month? Fuck yes.

Worth every penny.

GLWS ?

Do all of these methods require investing? Orrr.

I genuinely consider my product to be the best out there simply because selling ebooks here is not really my business, it's not where my income comes from. However being the business minded person I am I thought why not sell some of my favorite methods that I don't utilize.

My business is in social media management for companies and I am also developing my own fitness blog. So I don't have the time to use the methods I sell. With this in mind they are all high quality and mostly unknown.

I have a 'shit free guarantee' I guarantee this won't be shit, how does that sound? ?

(Oct 22, 2015 10:28 AM)Kudayoru Wrote: [\[CITE\]](#) There is a posibilty that all ebooks you buy are shit, because you are not able to read....

My thread design in paint getting some love woo ?

bebonzy09 - October 23, 2015, 4:53 pm

Just purchased, will update with review! I purchased the Pyramid Profit one a while ago so I will take a look at the rest

DC Comics - October 23, 2015, 11:37 pm

These methods are new and not saturated, they will definetley earn you money if you read and follow the instructions carefully. I haven't come across the Linkedin method though but from what I've read, it will work. Well written and easy to understand for any newcomers to monetizing!

Yous - October 24, 2015, 12:17 pm

Will be bumping price to \$14.99 MONDAY!

Get it discounted while you can

I see a lot of reviews on HF that are completely written simply to boost sales of a friend. These actually piss me off. However, I am not affiliated with Yous. I did not talk with him until very recently.

That being said, these 4 methods are some of the best I've ever read. And that's saying something, because I have over 400 money making eBooks on my computer. Each of Yous' methods require a little bit of creativity, and I could actually see them being fun to do. They're all fairly simple to set up. With some hard work you could have all 4 of them up and running in about a day. Once you're set up, none of these methods take much work at all. All you need is a little bit of patience. All of the books are detailed enough to follow step-by-step.

Don't hesitate to buy this eBook. If you have a fairly decent work ethic, you can make some good bank from these methods. Hell, I would even say a couple of them could be used as a part time job if you worked hard enough.
