If you do not have anything nice to say, then please don't put anything on this thread.

I'm a ratter, a good griefer, and I have a big enough DDoSer to take Netflix and other big websites down. How much are you willing to pay me per server I ruin? I get paid by the DownUCrew so if the

offer isn't better I'll stick with them.

Hmmm, I would pay \$10-15 for each server you ruin.

If you ruin it completely then I'll pay about \$25-\$30.
