Thread: [Verification pics service !!! \[updated link\]](#)

akaswizz - October 15, 2015, 7:41 am

Hello! I ewhored for a good period, now i`m kinda out or at least not doing that shitty talk to customers, i`m kinda autopilot. I have some good photoshop skills so i was wondering if someone would be interested in "Verification pics packs". The service would go this way:

1. You would provide me a list of names/dates etc for verification purpose (by a list i mean at least 10 names to make a pack) and a good picture of your ewhore.
2. I`ll charge between 1\$-2\$ per picture, depending how hard it is to do.
3. I`ll do the job in one day (since i have a job) and provide you the pictures.
4. Minimum payment is 10\$ (so a pack would get at least 10 pics)

Here is a sample which i gathered since i was doin` manual ewhoring:

Would anyone be interested in this service? Beside write names on paper, i could do other things too, like hold a spoon or shit like that.
