Hello, I am selling a highly profitable method, and I am limiting it to 4 people, so that I and the people buying it could still make money, if it was shared with too many people it would not be as great of a method, and I am pretty sure it has never been sold here on HF before.

Easy & quick to set-up, and you WILL make money off this method, GUARANTEED, and you can make back your investment TODAY.

Why I am selling is not a mystery, it's to include some people on making some money, but this is also why I HIGHLY restricted the method, and you will never find it anywhere no matter how much you look for it.

I could easily PS proof of earnings, no offence but someone who is serious about buying this, who has the means for it, will be more then convinced it works before purchasing. ?

Noone will be "More then convinced it works" unless you make them convinced. Especially with -10 rep

This is merely a start, to be honest I might not even sell it, for people who are seriously invested, I would talk through skype, do all the steps to ensure it's not a scam. I'm not accusing you of LQ my thread, but do you have the means for the method, and also an investment?

Otherwise I would like to reserve the spot for seriously interested people.

Look at my negative reps, I have gotten 70 rep in a few days, I could wait a week until I am in +, but it wouldn't make a difference.

Truth - October 18, 2015, 10:51 am

I will take the vouch copy lmk

Yes, and since you clearly thought it was, I took your word for it, and updated with a vouch copy.

I will look in to it, thank you for showing the interest.

I have enough strategies and capital to keep me working for the next 2 or 3 years, and I live in the US sadly, so no

Ok, so then you were just trashing the thread, which was my initial suspicion.

What the hell? I was asking for proof of your "magical \$9000 profit easy" method, and saying that it would be hard to get anyone to buy in to it without providing such proof. No wonder you got RF'ed.

Slim - October 18, 2015, 10:58 am

So where's the solid proof of your earnings?

- Cash in hand photos
- Account balances .GIF with refresh?
- Pictures of IRL shit you bought with the money?

Come on man, nobody is going to fork over \$300.00 BTC for a big sack of nothing.

Seriously. I asked on the first page and the guy just thought I was trashing his thread lmao

Mr Fox - October 18, 2015, 11:01 am

that RF though. Anyways he stated that he'd give out a vouch copy to a trustworthy member. As long as it isn't some 100 rep 1k post ub3r hack that would probably be his friend we should have all the proof we need.

Regulus - October 18, 2015, 11:02 am

Damn I'd love to be the one that gets the vouch copy haha. :)

If you go in to a store dressed in a trash bag and ask to try on an armani suite, not many people will let you.

You didn't come off as someone had any other interest then to trash the thread,
if you showed real interest, you would do it like a normal person, and PM me about it to ask more in detail what it is about, as the whole genre of the method is stealth.

Just wait for the vouch copies to come, as I already stated there will be one, until then all you are doing is flaming my thread.

Ease of use : 4/5

Originality : 3.5/5

Profitable : 5/5

I seen OP screenshare part of the method and his profits. He for sure is making money. You can make quick and easy money once you get it started and follow his guidance. Its blackhat but it seems OP has way to make it last. GLWS ?

This is posted out side of the marketplace you most likely will get a 3 day ban. Be more careful next time.
