Thread: [\[DESIGN\] Opinions on my work?](#)

dLay - October 18, 2015, 3:50 pm

Just made myself a new Logo, siggy and Thread design all related to the same style, hope you guys like it!

I'am TAKING requests to help some fellow HF users

i really don't like how the purple text fades into the background and cuts a bit of it off.

I honestly think if you wanted to take it for instagram or twitter.

Look at the color scheme their site has, this would be a better approach.

As another user said I don't like the fade effect, especially with the dark colored background as it just blends into the thread making it almost unreadable.

SlimGFX - October 21, 2015, 4:44 pm

u can improve it a lot. u can do many things with it :)

Truth - October 21, 2015, 4:45 pm

too much black cut the edges or something and I dont like how the title is not centered lol

Blue Code - October 21, 2015, 10:12 pm

It is a simplistic style. I like the colors.
