Credits to [iHydra](#) for making the official contest graphics!

Welcome to the Member of the Month Nomination thread for October 2015!

The Member of the Month award is given to one special member each month, based on their contributions throughout the community and winning the majority vote in the poll. Every member has the potential to win the award, but the decision is made by the combined efforts of members and staff. To learn more about how the competition works, [click here](#)!

Members are allowed to ask others to nominate them (user X can ask user Y to nominate user X for a given month).

All rules apply during this phase (e.g. securing/asking for votes during this phase will get you banned from the contest if brought to the light at any time, even if you're already on the poll).

Reason: In my opinion, he has contributed much to the marketplace just to make it a better place. He has also contributed to the community in terms of upgrading members and offering awards, all for free. In addition, I believe that he is a good businessman and should be seen as a role model by everyone. For that, I nominate him.

[HackerCraft Award Contest](#)

Reason: 630 has been an active member of Hack Forums for a few years now. Throughout his time on Hack Forums he has been a very helpful member to the community and is deserving of the MOTM award. He has been an active member of the Hack Forums news team for a while now. He is also an active member of the Appraisals and Pricing section. He has over 5,000 posts in that section and helped out a lot of members. In addition to his activity he has done a number of giveaways ranging from HackerCraft award giveaways to multiple member upgrades. These are just some of the ways that he has contributed to the community and this is why I feel he is deserving of the award.

### [Always providing as much help as possible](#)

Reason: I believe KillaMuvz deserves to win MoTM, not only because he's contributed exceptionally this month but because he is constant in extending a helping hand over the whole time he's been on HF. He has had extreme success in business here in HF and is always giving back by upgrading over 10 member, providing free services like refud.me and testmybin.com, writing quality tutorials and always working to provide help to those who really need!

Whatever projects he comes up he always thinks about how it would help HF.
