FRANKIE - October 20, 2015, 9:39 am

Some of those sites are so cringe worthy. Good list though

Would love if you could add some unique snapchat sites aswell, if you have any besides the ones in beginners guide.

Thanks in advance

Mr. Dev - October 20, 2015, 3:15 pm

Very nice compilation , although sites like these don't have a high success rate :)

Wings of Redemption - October 20, 2015, 3:18 pm

I found most of my girlfriends on those sites. They always say their webcams don't work though.

Squint - October 20, 2015, 3:36 pm

Anyone gay ewhoring? I'm thinking about doing it. I wonder if there's extra concerns or dangers? I don't want to get attacked as a homophobe by a disgruntled customer!

What do you care, they shouldn't ever know the real you.

UNLESS you're using yourself.

I kinda can't. I have no penis. With female ewhoring, I can kinda get in that mindset. Gay men is another level.

Chicken Shack ? - October 21, 2015, 5:27 pm

Looking forward to this thread thanks for the sites!

Where? I literally hand made it.

Radical_ed - October 21, 2015, 9:55 pm

I might try the gay site, I feel like it'd be 1000x easier. Gay guys are a lot more ready to believe someone's looking for anonymous sex.

DarkAlly - October 23, 2015, 5:54 pm

Exactly. Men get suspicious when women do it but accept another guy is a rent boy so to speak lol.

WizardShiz - May 29, 2016, 5:53 am

Cheers been looking for some quality sites!

soloxc - May 29, 2016, 6:49 am
