"File does not exist on this server", fix link please

DSSquad - October 21, 2015, 12:27 pm

Not full link: you need to add the www to the beggining. Can someone post corrected link for the lazy ones?

Thanks. If anyone is interested in this its good for graffiti and other shit.

Edit: works now if you were trying to get this.

[Link](#) is not working...

Pointless.. - October 26, 2015, 4:51 pm

haha i dont want to write this again cuz he thinks that the link is working...

DSSquad - October 26, 2015, 4:53 pm

If you want this PM me, I will send you working link. The link keeps getting downed.
