Thread: [Keeping private on your mobile?](#)

irageinferno - October 21, 2015, 1:58 pm

hey guys, haven't actually posted a thread for a good 4 years or summat but anyway

The UK government have decided that there going to bring in the snoopers charter next month and i was wondering whats the best way i could stop them getting into my phone? on a rooted LG G4

Looks like im spending the next few days locking my computer up tight O.o

Glad I don't live in the UK what the fuck happened to freedom

Zhuljin - October 25, 2015, 10:32 am

I'm not surprised since the UK has a lot of monitoring going on within their country. I think it's one of the most surveilled countries if not the most.
