Vouches available For UB3R's and L33T's,

If there are any more vouch copies, I will take a look at it and tell you what I think. Let me know.

Edit: I was given a vouch copy.

My review:

This is method i have not seen, maybe others have.

Takes only a few mins a day to work.

I would say you could get 10 installs a day being a total noob, or if you are creative you could maybe get 100+ installs a day.

The good part is having OP help you via skype. (as he says if you buy, this i give lifetime skype support) So if you get lost, i feel like he can help you. He answered any question I had.

You will need a RAT + FUD. You will also need to make new email accounts daily.
Maybe even changing your IP daily.

I would have to say this can be saturated, If this really works i can only see it being saturated if like 50+ people purchased.

Conclusion:

Its a method i didn't know of. I have seen similar, but its unique. No idea if it works. Have not tested it.

But i can see it working, plus OP offers skype support, i would say its a safe buy at this point. Long as OP keeps up with his customer support/updates.

The method is unique itself you can expect your \$\$\$ coming in a few hours if not then you must be doing something wrong.

That is a Good Question and I´d Like to answer that with one of My Reviewers´s posts. Quote:This is method i have not seen, maybe others have.

But Personally I´d say On a Daily Base, If you do it Good about 100~
If you Buy my Book I Offer you Also Full Support Whenever I´m Available "which is Very often" And i Could Guide you Through :).
