Thread: [\[Online\]\[Streaming\] My little brother streams CSGO and more! Check him out!](#)

lil purpp - October 24, 2015, 10:35 am

My little brother likes to stream and is pretty good at the game. He plays CS:GO and maybe other games like H1Z1 and stuff like that. Go check him out, I'll bump the thread whenever he goes live and he tells me.

Today he is playing CEVO and H1Z1, so make sure you check him out!

Stream is 10/10 more commercials than his gameplay.
