2.you can buy vcw from darkwin or electrode vcw usually cost 30-50\$?

Brahma™ - October 25, 2015, 4:35 am

I would suggest not to buy a VCW. Go to porn hub and spend time in finding a girl that waves or kiss or does some proof functions. That's what I did if you must know.

Benefit: No money spent on LQ VCW's (as comaped to HD vids). You deliver sound as well while you do the show (not possible in case of VCW)

Make a choice wisely. ?

35\$+20\$

TheVBScripiter - October 25, 2015, 8:01 am

Reading this made me realize that I played too much with them.. I had conversations for hours, while I earned about \$20-\$30.. Now I read more guides/threads from members who just start with a welcome message and in less than 5 minutes, they already got their first payment!

Also, I never used Amazon gift cards before, so I guess that will boost my revenue per hour up.. Anyway, time has come for me to start again with e-whoring.
