Hello guys! I need a lot of kawaii gifs, but i only found ~100 good ones. If you'll post any (1-2) i'll be very grateful ?

I am going to create 1000 gif packs (100x100 size) and give them out for free ?

Btw you can just share your gifs :)

First time seeing this was actually from <http://loli.dance/>

The music is fucking good though, forgot what it's called but the guy who made it is "Monstaz." or somethin'.
