I wan't to see other users websites and how they designed their websites.

Our websites:

<http://shittycheater.site/>

<http://www.dango.club/>

Both made by: <https://hackforums.net/member.php?action=profile&uid=2599983>

Post yours below.

I own <http://hacktheplanet.pw>.

Currently planning on doing something with it. It'll probably be fully done in December, like the countdown says.

All of my websites sucked dick and were just for fun.

Worked on then abandoned:<https://i.imgur.com/ttYkir5.png>

<https://i.imgur.com/KQaouf4.png> (immature lol)

<https://i.imgur.com/tFtDvwU.jpg> (could be disturbing)

<https://i.imgur.com/evbWTH9.jpg> (really generic, just made to practice with js image floating)

<https://i.imgur.com/dzxppAM.png>(some kinda school project)

These were done a year ago and I haven't really tried web development since then so I'm really rusty.

(All images cuz they aren't uploaded anywhere)
