The 18gb upgrade consists of 2gb starting space + 16gb space through refferals.

The 21gb upgrade consists of 2gb starting space + 16gb space through refferals + 3gb space through a secret method.

Sure! Yes, the space is permanent. The method is not blackhat, we install carousel(app for dropbox) to get 3gb more space, and we use a 1gb code that we got from the local newspaper.
