I've found a method to get free cheats on insanitycheats.com, this is a very simple method and doesn't require much work.

These cheats/hacks include:

BattleField 4 - Multi Cheat
Advanced ESP, Instant Kill, Misc

CSGO - 50 Shades of Gaben
Advanced ESP, Legit AimAssist, Rage Hack

DayZ Executor
Script Executor

Garry's Mod Cheat
ESP, Aimbot + Much More

H1Z1 - Advanced ESP
ESP [Player, City, Weapon, Item, Vehicle]

Insurgency - Multi Cheat
Advanced ESP, Advanced AimAssist, Misc

Price: \$20 BTC / PP

Can we get some proof of this? I don't think many people will buy this without seeing some evidence.

We implemented a system to prevent this months ago. If the OP poster was able to use his exploit recently then he must have convinced a staff member to deviate from our protocol. This has been fixed for months, and will soon have an even stronger fix. GG OP.Fuck man you caught me, jheez. I guess your the owner?
