Thread: [\[FREE\] Nullen's RAT Consulting | FREE MENTOR | DNS & PORT-Forward & Stub Buildin](#)

NULLEN - October 27, 2015, 11:26 pm

I'll be closing this service as of now, I've been too busy to keep assisting so many users. This service will RE-OPEN at some point.

I'll be offering private mentoring from now on as well, if you're interested PM me.

// Closed.

Clients Served: 64

Supported RAT's

? Luminosity Link

? NanoCore

? Imminent Monitor

? njRAT

? DarkComet

? And more

(I will NOT provide support for blackshades versions.)

Format Feel free to PM me this information if you don't wish to share this information.

Code Skype Name:

Team Viewer: (Yes/No)

RAT Client:

Do you Need Port Forwarding?: (Yes/No)

Do you Need DNS Creation?: (Yes/No)

Do you need other assistance?:(Yes/No)

Do you agree to the ToS: (Yes/No) Terms Of Service/Assistance • I will not provide any assistance for cracked or stolen RAT software.

- I will not run your payload on my machine.
- All communications must be held in Skype/HF.
- Any Setup will be either managed by speaking on Skype, or me controlling over Team Viewer
- I have the right to deny any user of service without warning
- I will not Crypt your files, so don't ask. (I will provide you with information on how to)
- Attempting to harm my hardware will automatically result to a community warning thread.
- I do NOT condone illegal use.
- I'm not responsible for any actions produced.
- This service is free, but tips are accepted but not needed. If a tip is provided, no refund can be made
- I can change the ToS at anytime without warning
