I assume these are real emails. And I am curious as to if I can purchase emails for a specific area like say if I wanted to buy emails for new york within a 30 mile radius of a certain zip code. would you be able to do that?

Yes these are real emails, and unfortunately no, the best i could do is a certain niche/interest and filtered by countries

I sent emails to everyone on this list and the breakdown is as follows (note: gaming niche):

1) Clash of Clans hack - 312 clicks, 35 leads

2) Affiliate URL for a game off Amazon - lots of clicks, waiting for stats update.

Looks good, Kify. Looks very good.
