Thread: [\[UPGRADED\] WIN UNLIMITED REAL TARGETED TRAFFIC METHOD EBOOK](#)

Highlight - October 30, 2015, 10:22 am

[Link to sales thread](#)

I just launched a new E-Book featuring a ground breaking new technique to get huge amounts of genuine targeted traffic towards any url, be it a Squeeze page, an affiliate product landing page or a website of yours featuring a product of your own. The possibilities are endless.

To win this ebook all you need to do is to post in this thread and wear my signature for a week.

I will use random.org to select 1 winner for every 5 participants that enters and completes the week.

However the first 3 participants who complete the week will ALL receive the book.

In case that less than 10 people participate I will use pick 1 winner of those who have.

All numbers in random.org will be decided by the time of your post in this thread, and I will check daily to make sure that everyone wears the signature.

I can't use your signature. It gives this error. I really want to try this out.

Here is the error

Please correct the following errors before continuing:

We are sorry, but we cannot update your signature because it contains too many images. Please remove some images from your signature to continue. Note: The maximum amount of images for signatures is 0.

Signature images can be no larger than 650x200 pixels and 500k size. Animated gifs should not be annoying.

any update on how I can enter the contest if I can't use the signature?

Added the signature, anyways if I won't win - I'd be more than happy to give an honest review.
