Didn't work for me sadly :(

iDuL - November 1, 2015, 11:36 am

Now all I gotta do is purchase the base edition for the digital deluxe to activate.

Thanks OP, GF is gonna love this.

You need to try harder because the method works

Is there any way to get the base game free and then apply this? I've never played so I'm not sure how the payment model is set up, whether it can be cracked, etc.. I just know someone who I'm sure

would enjoy this. Any help appreciated.
