Thread: [\[FREE\] Video Pack Cam Girl \[Direct Download Link\]](#)

ShNuG - October 30, 2015, 8:44 pm

Hey,

I've just started to E-Whore and made some bucks last night after few time wasters. I am sharing one old video pack.. for the n00bs and starters and those who don't have !

Don't complaint about the pack as I've already stated its old ! but still works like charm if you know what to do with it. ?

How can a front camera give HD content ? Maybe the whore doesn't have that much money to buy a good camera.. which have 5mp front !

But in all regards if you meant "HQ" instead of "HD", I clearly stated its an old pack and may help some ! Will share more private ones soon...

I clearly meant HD. And HD video is better for e-whoring. Because people look for quality not content, unless the person is horny as hell and haven't seen a camgirl before.
