Aerospace - October 30, 2015, 10:56 pm

Hey all.

I'm new on HF and I figured a great way to gain some rep here is to release an excellent eBook that will literally make your money money minutes after reading the first method! LITERALLY! This is no joke. There is absolutely no risk in using this method. This method is by no means something that earns you tons of money. If anything, it's pocket change that you make. Over time, it can add up to buy a nice little game for yourself. This eBook is perfect for beginners or even some what advanced online money makers. It contains 5 methods that all work. Along with the methods, I have payment proof from myself earning money with it. Very recent earnings. It might earn you more money in the long run if more people know about them! That doesn't mean to leak this eBook. It's only a fucking dollar. Even though it's a dollar, I'm without a doubt willing to give out a few vouch copies to gain some trust with everyone.

Leave any questions below! These methods only work in the US! Yes I do accept Bitcoin!

This eBook cannot be saturated. The more people using this eBook's methods the better!

There is basically not trying to do really anything with these methods. More like a sit and wait. Auto pilot if you will. 1 method I guess you could just do all day but it's pretty tedious. You will not be disappointed buying this eBook my friend. ?

MobSnipe's Review

To begin with, I would like everyone to know that I am in no way affiliated with this seller or have been paid to leave this review. This is 100% honest and is coming straight from me personally!

Grammar ?????

The grammar in this e-Book is outstanding. I have proof-read this book and have found absolutely no grammar or spelling errors.

Ease of Use ?????

The methods in this e-Book are so easy to use that my grandmother said after I showed her " This is really cool (my name), I may even use these methods". Don't doubt me but she has trouble using google, and has to call me to get help with it ?.

Layout ???

The layout of this e-Book was okay in my opinion! The colors used in this e-Book were black except for the intro and conclusion which was bright green. I do think that the layout of this work could be improved with some perfect coloring styles. However there was picture proof of all payments working. Another thing that could've been improved is picture guidance for the absolutely "no-brainers".

Originality ????? (biased)

Now the reason on why my opinion would be biased is because I have only purchased one other

e-Book on money making and it was a complete waste of money. However, on all my years on the internet, searching for ways to get paid without a lot of work, this is all brand new to me with complete original methods.

Overall ?????

To conclude this entire e-Book, this is worth the \$1 (I mean come on, its \$1. I would buy grass for \$1 and burn it because I felt like it). This e-Book has taught me a few things here and there about simple money making techniques. I would recommend this to anyone who needs a quick set of cash techniques that are on the side. These techniques will not get you rich but it can add up, especially if you save. I hope these sales sky-rocket. GL OP! ?

And can you accept BTC? as I do not have any funds in paypal.

Apparently one of my buyers used these methods in the UK. Yes, I do take Bitcoin.

Fixed! Sorry for the delayed response. Yes, all methods are still working.

GamersHeaven - April 26, 2016, 10:36 pm

I would buy but i have a feeling all those small payments would just get me limited.

Good luck with sales.

?Skwiid - April 26, 2016, 10:50 pm

Just bought this ebook will update if i make some earnings :)

Edit: <https://gyazo.com/7eaed2df6a09ad3bf1bdab947e5ca966> made it back.. Finally an ebook that works haha

jIde - April 27, 2016, 7:22 am

Third method doesn't work... :(

Egregious - April 27, 2016, 9:41 am

Vouch for OP. Good luck with sales.

I will fix that right now :)

Thank you for your interest. I'll PM you when it's corrected.

Link to buy has been fixed. Sorry for any inconvenience.

Aerospace - June 13, 2016, 7:16 pm

Bump! eBook still works perfectly. This is too cheap to not get your hands on.

Some more payment proof from yours truly. ?

Aerospace - June 15, 2016, 11:00 am

I'm still earning with these methods. Buy today! ?

Aerospace - June 18, 2016, 4:57 pm

Bumping this thread! Methods work!

Aerospace - June 19, 2016, 9:29 pm

Earn your dollar back literally minutes after buying this eBook. It's seriously not a joke.

Aerospace - June 20, 2016, 10:44 pm

If anyone wants some more current payment proof just PM me!

Silence - June 21, 2016, 12:21 pm

Just bought the e-book, I received no e-mail yet. Will see if this works. Thanks OP

Thank you for the kind words!

TheDorshii - June 22, 2016, 1:35 am

Would buy but seems it does not work outside of US. If a workaround comes by where people from Canada can use this method, hit me up! GLWS!

Instant Panel - June 22, 2016, 3:29 am

I am interested to buy But not sure whether it work in India

Aerospace - June 22, 2016, 10:29 pm

I'm pretty sure at least 1 or 2 of the methods work outside the US - just need a verified PayPal for at least 1 of them.

Aerospace - June 24, 2016, 12:10 am

I'm still profiting off these methods! Make sure to check em out!

Aerospace - June 27, 2016, 1:20 pm

About to do another cash out using one of the methods in this eBook. Will post when I do.

Rasta - June 29, 2016, 4:09 am

Bought this for the lulz, but it actually can be useful for those looking to gather small amounts for some lunch money. (Yeah, you won't be eating lobster, but hey Snickers can be good, too!)
Good job OP!

LeadPal - June 29, 2016, 2:25 pm

Bought this cause I was kinda bored, the methods work but I'm not in the USA so I won't earn anything.

Shame though :)

Haha yeah I know, just bought it for the lulz :)

Aerospace - June 30, 2016, 8:31 pm

I'm still earning with these methods! Make sure to check it out!

Aerospace - July 4, 2016, 12:31 am

Some more proof for anyone hesitant.
