Thread: [Need help fixing blackbars \(amd/ no catalyst\)](#)

kaminokami - *October 31, 2015, 12:35 pm*

hello, last year I upgraded my laptop from windows vista to windows 8.1, now Im unable to install catalyst and fix the issue.

basically everytime I change my resolution to something that is not the native one... it shows blackbars.

specs : ATI Mobility Radeon HD 3650

laptop : TOSHIBA SATELLITE A300 - 1S9 System Unit

Is this 64bit Windows or 32bit?

32bit:

<http://support.amd.com/en-us/download/desktop/legacy?product=legacy2&os=Windows%208%20-%2032>

64bit:

<http://support.amd.com/en-us/download/desktop/legacy?product=legacy2&os=Windows%208%20-%2064>

Download the latest Beta drivers from those pages depending on the Windows installation you have.
