Thread: [FlatUI theme in DLL <> Add to your C# project...](#)

?Anubis - October 31, 2015, 1:17 pm

Do you like FlatUI theme?

So do !! But it is in VB.NET ? I can't use in C# ?

Wrong! Here is the FlatUI theme compiled into DLL...

You just need to add this DLL to project references and all will work ?

Link To DLL: <https://www.dropbox.com/s/761plrm3x9o1mc6/FlatUI.dll?dl=0> ?

Why is this compiled into 'dll'
that doesn't make sense..

also can we get pictures of the theme or is the same one as the original completely..?

Did you read the OP at all? It was in VB.NET originally, so in order to use it in C# he compiled it into a dll.

Oh, thanks! I forgot ?

Costelmarinel - October 28, 2016, 10:43 am

Man, you can update link download, please?

Aveling - October 28, 2016, 10:47 am

Nice, thank you for converting the theme!

Zippy™ - October 28, 2016, 12:55 pm

Thanks for sharing this but this was already available in C#...

Or partially available not sure tho: github.com/saneki/FlatUI
