Thread: [Any Free Keyloggers that actually work?](#)

lonicc - November 1, 2015, 8:22 am

I am making this thread to ask for any free keylogger that works...
I have tried agent tesla, Project Neptune and other stuff...but they don't work.
So please if you can suggest one I will be gratefull

Good luck

How long ago was it that you used it? Would it still work now?
