Kinguin - November 1, 2015, 1:43 pm

Hey, I'm just wondering if anyone here got an E-whore pack with a lot of proof pics. Like peace sign, touching nose etc.

If so, I'd love if you could send me a message!

You could always make your own pack.
Easy.

Loch is right. You can always hire a girl to do a lot of signs for you.

Oh, I see. I read once that you can do the signs thingy for a video, in order to make that video look like a livestream. And I thought that it might work with pictures too. Anyways, I wish you good luck on finding those proof pics you're searching for! :D
