Thread: [\[\\$10\] How To Get Anything From Hearthstone For Free \[No Carding\] \[0% Ban\]](#)

FrostyBot - November 3, 2015, 7:46 am

Hello! Today I will be selling my method on how to get free items on Hearthstone. This includes card packs, expansions, and hero portraits.

No thread design as the method is simple and straight to the point.

This does NOT involve carding and you won't get banned!

I'll be selling this method for \$10 here: <https://payhip.com/b/rTeG>

I will give out 2 vouch copies, must be from reputable members. Uber+ only.

Edit: This will only be \$10 for the first 5 buyers. Then it will move up to \$15

I can write a good review for you OP, if you want me to.

I'd like a vouch copy for a quality review :)

Sounds interesting. Unlimited times I presume?

I'll take a vouch if you feel up to it.

Could I take a vouch copy and leave a review?

I could either do a vouch copy or if you had actualy vouches i'd buy, but can't trust you so far.
