Thread: [\[Everyone\] Windows 10 Privacy \[Giveaway\]](#)

Gallant - November 3, 2015, 12:38 pm

I'm really sorry the event has expired.
Thank you everyone for your interest. ?

Of course we all know about Win10 privacy issues!
Today i'm going to giveaway that software.

[Windows 10 Privacy Fix](#)

Simply post here and i'll pm you back! ;)

[VirusTotal](#)

~[#] Features! [#]~

Spoiler [\(Click to View\)](#)Deletes or disables Telemetry

Clears and disables DiagTrack Log

Stops, blocks or removes over 37 tracking services, including tracking activities discovered in the following Windows services:

Cortana background tracking services

Media Center

Customer Experience Improvement Program

Power Efficiency Diagnostics

Family Safety Monitor

Office ClickToRun Service Monitor

Application Experience

Office Telemetry

Disk Diagnostic

Media Center

Windows Search

Disables Keylogger, preventing Microsoft from collecting information you type on your keyboard

Disables Windows Defender.

Disables Cortana to prevent background collection and transmission of data recorded with your microphone and webcam

Disables Windows Update, allowing you blocking unwanted updates
Selectively rolls back certain Windows Updates enabling tracking features (for Windows 10, 8.1, 8, and Windows 7)

Disables certain Telemetry and tracking modules in Microsoft Office 2016

Optionally blocks Microsoft Office updates

Enables users to uninstall OneDrive

Enables disabling Bing Search

Enables uninstalling built-in and non-removable Metro and Universal applications, releasing RAM and effectively stopping additional tracking performed by these applications

Enables the ability to remove all Metro and Universal applications, effectively bringing your Windows 10 installation as close to Windows 7 as at all possible (you'll have to download the old Calculator app though)

Allows reinstalling Windows 7-8 Picture Viewer

Blocks more than 60 Microsoft IP addresses engaged in user activity tracking on host level (by modifying the hosts file)

Blocks IP addresses from the tracking network by creating Windows Firewall rules

Automatically creates a Restore Point before making changes to the system

Most Privacy Fixes can be reverted if required

Some Privacy Fixes cannot be reversed even via System Recovery

You are totally right! ?

Kekui - November 3, 2015, 12:56 pm

I'll take it if possible. Thanks in advance.

SentByGod - November 3, 2015, 12:58 pm

may i have this thanks :D

Long Morrison - November 3, 2015, 12:58 pm

Blocks more than 60 Microsoft IP addresses engaged in user activity tracking on host level (by modifying the hosts file)

Sorry, IP's are hardcoded to system and they bypass hosts file.

Oh i forgot that is a "Home" edition :D and it is not available for free unless you consider \$9.99 = free.

(Nov 3, 2015 01:58 PM)† Faded Wrote: [\[CITE\]](#) Thanks for sharing this but I think everyone can download this from internet?

Well you can just click on "Windows 10 Privacy Fix" i linked in the thread you can know if you can get it for free. ^^

This is a home edition it cost around \$9.99
Thank you for your interest.
