Credits to [iHydra](#) for making the official contest graphics!

Welcome to the Member of the Month voting thread for October 2015!

Member of the Month is a competition that awards one special member each month for their contributions throughout the community. Every member has the potential to win the award, but the final decision is made by the combined efforts of the user base and forum staff. To learn more about how the competition works, [click here](#)!

The finalists have been chosen! The Voting phase begins today and ends on Wednesday, November 11, 2015!

This is your chance to determine who wins the award. You may only vote for one person per month, so make your vote count! Feel free to post in this thread noting your reason for your vote, but it's not necessary.

Please read [Member of the Month - Explained](#) for rules and regulations.

This has been posted about many times. The poll system that this site uses does not update properly when a vote is cast. That's why you'll see a Mentor post the updated post counts. We can see who voted for what and we tally the vote count by hand or by userscript for the updated count. The vote count that everyone sees is glitched, you may cast a vote but it won't update that number on the poll.

A user within your contest has a warning level and received one before the voting stage begun.

If everything goes by the book he should be disqualified.

Ouch.

Well, this was the best month for me to appear in this contest. I would be having my finals in 4 months from now, that is March. I had thought of grabbing an award before I leave or become less active here. I would be gone for a few months after this, so yeah.

Also, the drama kids trying to cause drama, no it won't happen. Its very simple.
Forum has rules > I broke a rule > Broken rule is a part of MOTM > I am disqualified.
A rule is a rule and everyone has to follow. There is no bypass for it, be it anyone.

Thank you supporters for all the votes and giving me a hope of winning. TBH, I had never thought I would surpass Killa or KOH in terms of vote numbers, they have really done better than me for the forums. But now I see I have supporters too. I apologies to all of them who voted for me and me not keeping up with the competition. You may see me up in the poll again in sometime, but very long.

Good luck to the other two guys, Kila and KOH. You both deserve this award more than the most.

Cheers ?
