Thread: [Need logo "pack" - "MixedTaste" - FB logo, FB banner, YT logo, YT banner.](#)

Internet Explorer. - November 7, 2015, 8:47 am

As mentioned in the title, I'm in need of the following.

FB logo (1920x1080)

FB banner (851x315) Youtube logo (800x800)

Facebook banner (2560x1440)

My budget for this is \$25.

Colors, themes, etc

Theme should be based around music, but nothing too crazy.

Colours should be dark, but easily readable.

Logo text should be "MixedTaste".

The logo should be the same everywhere, it's just the resizing that needs to be done when you're finished with the logo.

The logo should appear on all 4 "pictures", both the banners and the avatars (facebook and youtube profile picture)

.psd's would be appreciated.
