Thread: [PHP DoS|Easy DoS|Online Free DoS|Multi DoSing|ExtremelyHighMaxBootTime|](#)

kmz22222 - November 7, 2015, 1:39 pm

PHP DOS FTW

<http://www.abs-tech.com/admin/modulos/editor/upload/>

Enjoy the share!

DoSing now is as easy as typing the ip,time,port.

Hope this was useful.

?Syria - November 7, 2015, 2:57 pm

Their internet went faster after using this. hits at 0kb

Try dosing with it in several tabs [Multi DoS Method]

It can be more powerful.

As this is just an online tool for helping in dos [It won't take a website down]

you're by far the most retarded member in the hacking section nowadays, congratulations. 99%, if not 100%, of your posts are garbage and you don't know jack shit about what you're talking.

Lovely? - November 9, 2015, 5:23 am

CMD is more effective for DoS than this. downvote.
