Thread: [Can you sell ps3 mods? and can i host a thread for a friend?](#)

Tyler The Creator. - November 9, 2015, 1:49 am

Hey guys I wanted to know if I me and my friends can partner up and sell mods for ps3
And if I can host the thread on behave of both of us.

Can I sell for other members?

Members are not allowed to sell for another member here. Those who are ban evaders, negative reps or not upgraded should not be allowed to sell in our marketplace by proxy of another member.

If You have any other Questions Read The [HF Help Documents](#)

Well I'm basically not selling for him its a partnership

And I wanted to know if I can host the thread for both of us or we both need separate threads

I believe that you can partner with someone else without any problems. I think the only problem would be if he was non-ub3r partnering with you for SST.
